

Make a Splash as a Blue Team!

For students in **grades 3 - 12!**

YOU can create a youth-powered **Blue Team** to help care for one of our most precious natural resources – **WATER!**

Blue Teams carry out a water quality action project that promotes **sustainability** and **stewardship** in your community.

This project is possible with generous funding from:

**KING COUNTY
FLOOD CONTROL
DISTRICT**

WHAT IS A BLUE TEAM?

→ A **Blue Team** is a group of students (a classroom, school club, or a home school group) who commit to taking on and completing a water stewardship project in their community. The students can create their own project or use one listed here.

→ **Blue Teams** receive **4–6 hours** or more of expert help from a Nature Vision educator – help in planning, preparing for, and executing their project. Blue Team participants also receive recognition upon completion of the project.

BLUE TEAM PROJECT DETAILS

- **In-class programs** with a Nature Vision educator to learn about your local watershed
- Create and present student-driven **research projects**
- Help **restore** the area around a stream or wetland on a field trip

CITIZEN SCIENCE (New for 2018!)

Students will collect and analyze real-world data to **help local scientists** monitor the health of their watershed.

Actual Blue Team project!

HOW TO REGISTER: Fill out and fax or e-mail the registration form below. Questions: contact info@naturevision.org. Within one week of submitting your registration form, you will be contacted by a Nature Vision educator to talk about your idea, set dates and jump-start your project! **Nature Vision is a non-profit Environmental Education organization in King County.**
